Dear Mr. Fees,

APPRECIATION FOR DONATION:

We are hereby thanking you for your loving contributions of 1.388,50 € in blessing our project. With such gift, you are surely helping to heal the broken-hearted in this community.

We are running a small primary school (non-profit) for the orphans and vulnerable children here in Chipata,(Zambia). All together we have 300 children from grade 1 to 7.

The school is located in one of the compound of the town and we are offering free education and moral support to the orphaned children, whose lives have largely been devastated by the effects of the HIV/AIDS pandemic, providing them exercise books, pens, pencils, one meal a day (feeding programme) and access to medical care when needed. We are also sponsoring those who finish our school to training skills courses.

Considering the friendly relationship which has been built it gives as this opportunity to really thank you with all our heart for your support helping us in reaching out to those underprivileged children at our local community school, making indeed a difference in their daily lives.

Children are gifts whose potential for a life of service and contribution to mankind remains untapped or wasted when not nurtured with good moral input and sufficient opportunity.

Thank God for the passion you have for the vulnerable needy.

May God bless and richly reward you

**On behalf of the school,
Yours Faithfully,**

MAGAZINE CHRISTIAN MISSION ACADEMY
